invidis yearbooks – Overview

The **invidis yearbooks** are leading media for the digital signage and DooH (digital out of home) market. The magazines offer independent market overviews, analytics, data and background about digital signage and DooH.

Beside a contemplation of the EMEA region, the countries Germany, Austria and Switzerland constitute priorities of the analytics. In the yearbooks, current themes and coming trends are analyzed.

Facts & figures invidis yearbooks

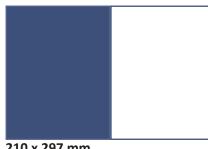

- Print run per magazine: 3.000
- Release date: 5th July 2017
- Distributed at many events (Digital Signage Summit Europe, Digital Signage Summit MENA, Digital Signage Summit Russia, Integrated Systems Europe, Integrated Systems Russia, Viscom; manufacturers and distributor events)
- Detailed reporting on invidis.de or in the invidis newsletter
- Download for free on invidis.de

invidis yearbooks – Master ads

Master - ads

Fonts:	Please make sure to also deliver your fonts. If the fonts are missing we will use a replacement font which can change the appearance and the upheaval of your ad.
Others:	The min. line weight is 0,2 mm. Motives with a fine structure and copy dot files can cause a Moiré formation and should be avoided.
Recommended file formats:	Fonts need to be embedded and the CMYK- color mode needs to be used. The disclosure of public files should be avoided because it can cause errors depending on the version and system. In this case we cannot assume any responsibility. Should you nevertheless deliver such files, following programs will be supported:
Program Mac: Program PC:	QuarkXPress, Adobe Photoshop, Adobe InDesign, Adobe Illustrator Adobe Photoshop, Adobe InDesign, Adobe Illustrator
Resolution:	Half tone: min. 300dpi, line: min. 800dpi
Data delivery:	via e-Mail to: christine.koller@invidis.com
